IV.) Breaches and Cure Period

Breaches of a portfolio can imply weak investment management or changing market/portfolio conditions. A passive breach occurs when the portfolio becomes out of compliance with the investment policy by an externally initiated development. The following policy applies:

- 1.) In the event of an active or passive breach of Permissible Investments or Portfolio Diversification and Restrictions, the Investment Manager will immediately notify the Investment Advisor.
- 2.) In general, the cure period for breaches will be ten business days. If the portfolio is not able to be or it is not advisable to be cured within ten business days, the Investment Manager and Investment Advisor will review the risk of the breach and come to an agreement on how to bring the portfolio back into compliance.
- 3.) It is the intent of this policy to recognize that a passive breach is possible due to market conditions and unforeseen cash flows or portfolio conditions. A forced sale of an investment security that will be a detriment to the net asset value of the portfolio is not warranted if a prudent investment plan is agreed to by the Investment Manager and Advisor.

- 4.) The Investment Advisor will have the final say in disagreements.
- 5.) The Investment Advisor will notify the Board President when breaches occur.

V.) Benchmarks and Reports
